Fundraising Database

The committee aims to collate basic information about other fundraising initiatives and events in a simple database, which is yet to be constructed. All proposals or information can be emailed to fundraising@bbpspandc.org.au.

Grants Discovery

The committee is considering seeking support to look into the option of applying for a variety of available government and non-government grants. The committee will discuss the option of subscribing to an external grant finding provider; however, a volunteer would be needed to screen these external data and initiate and monitor grant proposals.

Volunteers needed, especially from Yrs K-2

As a number of our very talented and involved veteran fundraisers will leave the school in the coming years, more volunteers are needed particularly from infant stage to take over. Anyone interested in becoming involved please contact fundraising@bbpspandc.org.au.

Next fundraising committee meeting:

Wednesday, 1 May, 2-3pm.

If you would like to be involved but cannot make the meeting time, please be in touch at fundraising@bbpspandc.org.au.
