

Fundraising Committee - Report for P&C Meeting, 11 February 2014

Welcome and expressions of interest

The fundraising committee is an informal sub-group of P&C members who are interested in coordinating and supporting fundraising events run by the P&C. We meet once per school term, or more frequently as needed.

At present we are primarily looking for volunteers to help out in the canteen, an event coordinator for Father's Day, and for help organising the Trivia Night, our biggest biannual fundraising event which will happen in June 2014.

Please contact fundraising@bbpspandc.org.au if you can help, or would like to find out more information.

Fundraising Goals/Plans for 2014

The fundraising committee agreed on the following goals for 2014:

1. To organise the same yearly events that were on the present year's fundraising calendar (see below)
2. To use the funds from these regular events to cover ongoing 'maintenance' commitments, e.g. canteen power bill, hardship funding etc., as well as funding requests by the school via the school's strategic plan and/or direct funding applications to the P&C
3. To provide input into the school's strategic plan via the school council's P&C representatives as needed
4. To focus on improving volunteer engagement and care, and to prioritise the social aspects of fundraising events
5. To allow consideration of individual additional projects that may be funded by additional fundraising events, grant submissions or appeals for direct donations
